Peninsula Seniors Productions

General Information

What is Peninsula Seniors Productions?

Peninsula Seniors Productions is one of the outreach activities provided by Peninsula Seniors located in Rancho Palos Verdes, California. Selected lectures, programs, and events are taped by volunteers for non-commercial broadcast on local cable channels and video streaming on the internet. We've produced over 90 programs since early 2007 and our programs have been honored with local and national video awards.

Peninsula Seniors is a non-profit tax exempt 501 (c) (3) organization and is governed by a Volunteer Board of Directors serving the mature adult community on the Peninsula and surrounding communities. The Peninsula Seniors organization was incorporated in 1982 and has grown to more than 1100 members.

We are unique in that we are self supporting and not a department of any of the four cities on the Peninsula or any other public agency. The TV programs are produced by volunteers using video equipment and supplies provided through donations from our membership and the community.
